- Document(s) were located which originated with, or contained information concerning other Government agency(ies) [OGA]. This information has been:
 - referred to the OGA for review and direct response to you.
 - referred to the OGA for consultation. The FBI will correspond with you regarding this information when the consultation is finished.

□ The enclosed material is from the main investigative file(s) in which the subject(s) of your request was the focus of the investigation. Our search located additional references, in files relating to other individuals, or matters, which may or may not be about your subject(s). Our experience has shown, when ident, references usually contain information similar to the information processed in the main file(s). Because of our significant backlog, we have given priority to processing only the main investigative file(s). If you want the references, you must submit a separate request for them in writing, and they will be reviewed at a later date, as time and resources permit.

PERSONAL AND CONFIDENTIAL

SUBJECT: COUNTERINTELLIGENCE PROGRAM

INTERNAL SECURITY

DISRUPTION OF HATE GROUPS

Effective immediately, the Bureau is instituting a coordinated Counterintelligence Program (Cointelpro) directed against Klan-type and hate organizations. Offices receiving copies of this letter are instructed to immediately open an active control file, captioned as above, and to assign responsibility for this program to an experienced and imaginative Special Agent who is well versed in investigation of hate and racist-type organizations and their membership.

The purpose of this program is to expose, disrupt and otherwise neutralize the activities of the various Klans and hate organizations, their leadership and adherents. The activities of these groups must be followed on a. continuous basis so we may take advantage of all opportunities for counterintelligence and also inspire action in instances where circumstances warrant. The devious maneuvers and duplicity of these groups must be exposed to public scrutiny through the cooperation of reliable news media sources, both locally and at the Seat of Government. We must frustrate any effort of the groups to consolidate their forces or to recruit new or youthful adherents. In every instance, consideration should be given to disrupting the organized activity of these groups and no opportunity should be missed to capitalize upon organizational and personal conflicts of their leadership.

United Freemen (Origin: Miami) Viking Youth of America (Origin: Tampa) White Youth Corps (Origin: Chicago) On or before 10/15/64, participating offices are instructed to submit to the Bureau a detailed analysis of potential counterintelligence action against pertinent organizations and individuals active within their respective territories and specific recommendations should be included for any logical immediate counterintelligence action. Recommendations submitted under this program must include all necessary facts to enable the Bureau to intelligently pass upon the feasibility of the proposed action. In instances where a reliable and cooperative news media representative or other source outside the Bureau is to be contacted or utilized in connection with a proposed counterintelligence operation, it will be incumbent upon the recommending office to furnish assurances the source will not reveal the Bureau's interest or betray our confidence. - Offices participating in this program who have investigative responsibility for Klan organizations should specifically comment in the initial letter to the Bureau regarding "Action Groups." As these offices are aware, these groups have been described as the relatively few individuals in each organization who use strong-arm tactics and violent actions to achieve their ends. Often these groups act without the approval of the Klan organization

Letter to Atlanta COUNTERINTELLIGENCE PROGRAM INTERNAL SECURITY DISRUPTION OF HATE GROUPS 157-9-Main or membership. The Bureau considers it vital that we expose the identities and activities of such groups and where possible disrupt their efforts. These groups should be subjected to continuing counterintelligence action. No counterintelligence action may be initiated by the field without specific Bureau authorization. Commencing 1/1/65 and every 3 months thereafter. each participating office should submit to the Bureau a status letter covering the prior 3-month period, including comments under the following captions: 1. Potential Counterintelligence Action Pending Counterintelligence Action Tangible Results If necessary, a 4th caption "Miscellaneous" may be utilized for additional comments. Recommendations for counterintelligence action should not be included in 90-day status letters to the Bureau but following the initial analysis due 10/15/64, should be submitted individually by separate letter. All Special Agent personnel responsible for the investigation of Klan-type and hate organizations and their membership should be alerted to our counterintelligence plans relating to these groups. Counterintelligence action directed at these groups is intended to complement and stimulate our accelerated intelligence investigations. Each investigative Agent has a responsibility to call to the attention of the counterintelligence coordinator suggestions and possibilities for implementing the program. You are cautioned that the nature of this new endeavor is such that under no circumstances should the existence of the program be made known outside the Bureau and appropriate within-office security should be afforded this sensitive operation. .

Letter to Atlanta
RE: COUNTERINTELLIGENCE PROGRAM
INTERNAL SECURITY
DISRUPTION OF HATE GROUPS
157-9-Main

The Bureau is pleased with past successes achieved by our counterintelligence efforts in other phases of our investigative responsibilities. To insure our success in this new endeavor, the Agent to whom the program is assigned in each office must have a detailed knowledge of the activities of the racist groups in the territory and that knowledge must be coupled with interest, initiative and imagination. The Agent must be alert for information which has a disruptive potential. The information will not come to him - - he must look for it. The most effective way of being assured of keeping on top of the situation is to maintain close contact with those Agents who handle the investigation of the racial and hate groups and their membership and also to periodically review relevant files.

If an enthusiastic approach is made to this new endeavor, there is no reason why the results achieved under this program will not equal or surpass our achievements in similar type programs directed against subversives.

SAC, JACKSON (157-640)

COUNTERINTELLIGENCE PROGRAM, INTERNAL SECURITY, DISRUPTION OF HATE GROUPS

Re Bureau letter to Atlanta dated 9-2-64.

To implement a counterintelligence program as outlined in referenced letter, this office has been and will continue to penetrate klan and hate organizations with continued informant coverage. This is the first step to learn the complete organizational structure, members, their activities, sympathizers and followers, action they plan, including actions of violence and distruction of property.

Once their activities, etc., are determined through informant coverage proper action can be taken to disrupt and neutralize their activities and efforts can be directed to frustrate their plans. In addition, those specifically responsible for unlawful actions are determined through informant coverage.

Informant coverage will be specifically concentrated on the White Knights of the Ku Klux Klan since this is the largest and most important of the klan groups in Mississippi. Other pertinent organizations considered for counterintelligence action are:

Mississippi Knights of the Ku Klux Klan. United Klans of America, Inc., Knights of the Ku Klux Klan. Americans for the Preservation of the White Race.

Informant coverage will be supplemented by technical installations where practical. Specifically, it has been learned through an informant that a klan group holds meetings in a building especially built for this purpose in Copiah County. These meetings are held on a weekly basis. The building is in a rural area several miles from the nearest town and has access by only one road. During meetings guards are placed at strategic points outside the building to insure complete privacy. An appropriate survey is being made to determine the feasibility of a technical installation in this building. The Bureau will be advised by separate communication regarding this. Other logical points are being determined for this type of coverage.

COUNTERINTELLIGENCE ACTION

1. Lisison is established with the governor's office to bring pressure to bear on local officials, such as mayors, chiefs of police, sheriffs, etc., to solve recent bombings, church burnings, and other acts of violence.

EXAMPLE:

Jackson teletype to the Bureau dated 10-12-64 captioned UNSUBS; EXPLOSION ON LAWN OF RESIDENCE OF MAYOR JOHN NOSSER, NATCHEZ, MISSISSIPPI, 9-25-64, stated that an Investigator of the Mississippi Highway Safety Patrol (MHSP) advised he was instructed by Governor PAUL B. JOHNSON to inform Adams County Sheriff ODELL ANDERS that the governor was seriously considering sending the National Guard into Adams County to close down all gambling and liquor activity in the county. Sheriff ANDERS advised he is in the process of contacting all gambling and liquor establishments in Adams County to inform operators that if pertinent information regarding Natchez bombings are not in his possession by October 15 he will close all such establishments on October 16.

The Jackson Office will, in each instant that presents itself in other localities and counties, arrange for similar action and follow through on each.

2. Repeated contacts and constant interviews of known and suspected klan members are being conducted each Saturday. This has been done since July, 1964, and is being continued. This has a three fold purpose. It lets the klansmen know the FBI is interested and will be around. It also enables FBI to know their whereabouts on that day, become better acquainted with their habits and gain more background information regarding the person being interviewed. In several instances during such interviews it has been possible to convert certain klansmen into informants. During interviews of klansmen who are completely unco-operative and who want to know how we got their name and why they are being interviewed we can flip through the cards and pick out a name of another klansman who is completely unco-operative. This is a disruptive tactic which can breed suspicion among themselves.

- 3. Consideration is being given to invite the State Police to make raids at known klan meetings. The local sheriffs, of course, will not be invited to participate since they are most likely in on the klan meetings. MHSP Investigators at McComb have indicated they seemed interested in this sort of thing and it is believed this will have the backing of the governor since he has indicated such to them. This type of thing, of course, will be used at places where technical installations are not feasible or productive.
- 4. Will participate with the governor in press releases on the arrests of klansmen when appropriate. This has been done in the recent arrests in McComb, Mississippi, in commection with recent bombings in that area.
- 5. Information has been developed through an informant that a faction of the klan is interested in putting another man in office rather than the present person. More information is being obtained on this so as to exploit all possibilities and create dissention among the leaders, and by doing so the opportunity may present itself to have the informant put in a high office.

The above is some of the potential counterintelligence action contemplated by this office. It is being studied on a day to day basis. The Bureau will be furnished with complete details on all the above plans as the opportunities are made and present themselves, prior to any specific action being taken by this office.

ACTION GROUPS

Recent actions of violence in McComb, Mississippi, were for the most part believed to be carried out by an "action group". As a result of an intensive investigation and informant coverage, 11 men were arrested. One had a membership card in the Ku Klux Klan and another a card for membership in the "Americans for the Preservation of the White Race". Some

acts of violence such as bombings are, according to informants, planned with great secrecy by small groups who draw lots to determine which ones do the job. Often criminal elements, or others not officially under klan orders, pretend to represent the klan as a cover for acts of violence.

Recommendations for specific counterintelligence action will be submitted by separate communications and the status letter required will be submitted beginning 1-1-65.

COUNTERINTELLIGENCE PROGRAM INTERNAL SECURITY DISRUPTION OF HATE GROUPS (CARTOONS AND CARICATURES)

The Miami Office by letter dated 11/18/64 forwarded to the Bureau an idea to be used to discredit the Matienal States Rights Party, one of the hate groups considered under this Program. The Bureau does not believe that the idea furnished by the Miami Office contains sufficient impact for use under this Program, but the suggestion that cartoons be utilized to embarrass the Ku Klux Klan and hate groups has considerable merit.

Ridicule can be a devastating weapon and should not be overlooked in regard to the Counterintelligence Program which is aimed at disrupting and discrediting Klantype and hate organizations. Many prominent Klan leaders and leaders of hate organizations possess idiosyncrasies or become involved in situations which present excellent opportunities to utilize ridicule as a weapon to discredit them both within their own organizations and in the eyes of the general public. The publication of cartoons and caricatures by cooperative news media or the anonymous circulation of them among rank-and-file members of Klan and hate groups will serve to both disrupt the various organizations and to discredit their leadership. Field offices participating in the Counterintelligence Program are urged to carefully assess and consider such a situation involving leaders of the Klan and hate organizations with the idea of portraying them in cartoon form.

This may be accomplished by submitting the idea to a cartoonist on the staff of a newspaper where we have, established a reliable and discreet relationship or by preparing such cartoons utilizing the talents of SAs with artistic ability. In the event there are no artists in a respective office, a rough draft of a suggested cartoon should be submitted to the Bureau where an effort will be made to produce a suitable cartoon. Where a caricature of a specific individual is involved, this, too, may be prepared at the Bureau providing the suggesting field office will submit appropriate photographs of the individual to be portrayed.

In instances where counterintelligence cartoons are prepared by the field or rough draft for such a cartoon is submitted to the Bureau for preparation, counterintelligence recommendations should also be forwarded.

No counterintelligence action should be initiated without specific Bureau authority.

This could be sent to the persons place of business or to a next-door neighbor by having the address one number off. The constarnation caused by this technique could be considerable. Another consideration would be to have auto bumper stickers printed with words similar to 'Member of the White

Another technique being considered is to conduct a neighborhood investigation regarding certain Klan members. We would not tell neighbors that he is a Klan member but ask them if they have any knowledge regarding him being a Klan member. This would spread through the neighborhood and make him very unpopular. This same technique could be carried one step further by contacting employer and co-employees.

Cartoons will be used, as pointed out in a previous Bureau letter, when proper opportunities present themselves.

The proposals listed above are merely considerations and will not be used without prior Bureau authority and complete details of such would be first submitted to the Bureau by separate communication.

PENDING COUNTERINTELLIGENCE ACTION

There will be continued and expanded informant coverage to more fully penetrate the Klan and hate organizations. It is only through this basic action that other efforts can be properly directed to disrupt and frustrate their plans.

JN 157-640 Efforts will continue to locate desirable locations for technical installations. Information learned from productive installations coupled with expanded informant coverage will serve as a basis for future counterintelligence action. We will continue with repeated contacts and constant interviews of known and suspected Klansmen on an intensified basis. Some may be able to be converted as informants and for others we will be learning more of their background, activities, associates, etc. We will continue and expand effective liaison with local law enforcement and other groups so the utmost in cooperation can be expected. Informants are being told to bring up at Klan meetings the problem of funds, the misuse and misappropriation of funds and when appropriate demand accounting of the funds and to arouse suspicion among those collecting the funds. This continues to create distrust among Klan members. TANGIBLE RESULTS One informant reports that all Klan units in Lincoln County, Miss., had burned their records after being interviewed by Bureau agents. Informant also stated that in one unit there are only 16 members presently meeting where there were formerly 100 members. The informant further pointed out that over 40% of the Klan members have stopped paying dues and that not five units in the state, in his estimation, are presently meeting at full strength. Informant stated that of the original membership, at least 30% have withdrawn by either being sworn out of the Klan or quit of their own volition. Several surveillances have been conducted at the Copiah County Rod and Gun Club at Crystal Springs, Miss., and it was noted that Klan meetings were held at this location regularly on Tuesday evenings. A survey determined that due

to the nature of the interior construction there were many technical details which would not make an installation feasible and thus none attempted. However, informant coverage determined that due to intensified FBI investigative activity in the area the attendance frequency of the meetings dropped off sharply.

The repeated contacts and constant interviews of known and suspected Klansmen have manifested a disturbing effect on them as indicated in the examples above. In addition, the number of incidents of violence has sharply declined. Successful investigations culminating in arrests have certainly played an important part in curbing Klan activity, and cooperation with local law enforcement has greatly contributed in this regard.

WHITE KNIGHTS OF THE KU KLUK KLAN OF MISSISSIPPI

A source advised that on February 15, 1964, successimately 200 members of the Original Knights of the Nux Kian (OKKKK) from the State of Mississippi met at ockhaven, Mississippi. Those present decided to defect the OKKKK and to form their own klan group in Sississippi to be known as the White Knights of the Nux Klan of Mississippi.

This source advised that the aims and purposes of the White Krights of the Ku Klux Klan of Mississippi are to the serve Christian civilization, protect and promote white the macy and the segregation of the races, to fight the training and to extend the dignity, heritage and rights of the white race of America.

This could prove very disruptive among the klan members.

The Jackson Office has received several cartoons prepared by the Bureau for anonymous mailings to disrupt the klan. When the proper opportunity presents itself, complete details regarding their use will be forwarded to the Bureau for approval.

PENDING COUNTERINTELLIGENCE ACTION

Emphasis is being placed on weeding out non productive informants and replacing them with quality informants. This will provide continued and expanded informant coverage. Through this basic action proper plans can be made to disrupt and frustrate their plans. Further efforts are being made to locate desirable locations for technical installations. Information from good sources coupled with productive technical installations will serve as a basis for future counterintelligence action.

Repeated contacts and interviews with known and suspected klansmen has resulted in converting some to top-notch informants. Efforts will continue in this regard.

Informents will continue to plant seeds of distrust among klansmen, especially the problem of funds, the misuse and misappropriation of funds. It is known that klansmen are very touchy regarding the use of their money. When appropriate, informents demand an accounting of the funds which will arouse suspicion among those collecting the funds.

Referenced communications forwarded copies of cartoons and suggested that these, or similar cartoons, be prepared by the Bureau for anonymous mailings to disrupt Klan, or similar hate group, activities.

Attached for each office are five individually numbered Xerox copies of rough sketches prepared by the FBI Laboratory on the above-mentioned theme. Each office receiving this letter should review these sketches to determine if any of these cartoons, or a variation of a cartoon, is suitable for disruptive, anonymous mailing within its field office territory.

In the event it is determined such a mailing would have counterintelligence value, and would not adversely affect our informant development program, the Eureau should be advised together with complete recommendations. Thereafter, the cartoon celected will be prepared as requested and forwarded with instructions relating to its mailing.

Both these items utilize public source material to expose the communists. The first was researched by the Philadelphia Office with its layout and design produced by the Bureau's Exhibit Section. To avoid associating the Bureau with the DuBois Clubs of America leaflet, discreet arrangements were made for the Catholic War Veterans to sponsor its dissemination. The second leaflet was prepared by a private organization without the cooperation of the Bureau,

b7C

These items have been used as counterintelligence techniques to expose the communists and they are forwarded to suggest possible techniques to publicly expose Klan and hate-type organizations, and their members. The Bureau will be pleased to assist any office participating in this Program in the preparation of such material. Offices desiring to have such material prepared should submit their recommendation to the Bureau together with pertinent public source material and with suggestions for design and layout.

- 7. Other identified Communists, such as William M. Mandel and Douglas Wachter, attended the Du Bois Clubs founding convention. Five sons and daughters of Communist officials also were active at the founding convention: Bettina Aptheker; Margaret Lima; Oleta and Billy Proctor; and Eugene Dennis, Jr.
- 8. Greetings came to the convention from such pro-Communist groups as the South Vietnam Liberation Youth Union and the World Federation of Democratic Youth.
- 9. Articles in the New York Journal American and the Philadelphia Inquirer point out the Communist backing of the Du Bois Clubs. In one interview Jarvis Tyner, East Coast Coordinator of the Du Bois Clubs, admitted that some of the members consider themselves Communists.
- 10. Falsely accusing someone of being a Communist is libel, but there has been no reaction from the Du Bois Clubs in this wey. They have denounced the charges as "red-baiting" but have not denied the essential truth, the fact that the W. E. B. Du Bois Clubs of America are nothing more than a new front of the Communist Party, a new propaganda tool of the atheistic, totalitarian system dedicated to "burying" you, the free American.

The only hope of the DuBois Clubs is that American youth are uninformed about the background of the clubs. For this reason, this pamphlet is being published by the Catholic War Veterans, Department of Pennsylvania, as an extension of the Pennsylvania Program. You are the target, don't be the victim.

You, the student, the young American, interested in civil rights, free speech, political action; you are the target of the Communist Party. The Communist Party doesn't want to "bury" you, as Khrushchev said, they want to recruit you.

Why?

Because you are a potential leader of America.

How?

By using an effective Communist tactic - the front organization.

When?

Today, according to Gus Hall, leader of the Communist Party, USA.

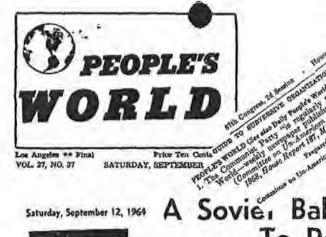

A new Communist youth organization was formed at a convention in June, 1964, in San Francisco. Led by young Communists the W. E. B. Du Bois Clubs of America came into being.

But where did the people at this convention get the idea to form a new group? How did all of them just happen to meet in San Francisco?

According to J. Edgar Hoover, Director of the Federal Bureau of Investigation, top Communist Party leaders decided to start the group as early as October, 1963, in order to recruit young people into the Communist Party and to spread the Communist Party line.

W.E.B. DU BOIS CLUBS OF AMERICA What are the Facts?

- 1. The W. E. B. Du Bois Clubs of America are named after a Negro educator who publicly joined the Communist Party in the United States at the age of 93.
- 2. The Worker, the Communist Party newspaper, reported favorably on the founding convention, in San Francisco, of the Du Bois Clubs. According to The Worker, "A national socialist youth organization was born." Today the Communists use the word socialist to describe their program of world domination.
- 3. One Carl Bloice was elected a national officer in the Du Bois Clubs. The Worker pointed out that he is a staff reporter for The People's World, which is the west coast equivalent of The Worker, a newspaper published by the Communist Party.
- 4. The Communist youth magazine, New Horizons, folded when the Du Bois Clubs were founded and was taken over, conveniently, by the Du Bois Clubs.
- 5. Phil Davis, President of the Du Bois Clubs, has attended Communist Party classes in California, and when asked by a reporter if he was a communist, he took the "Fifth."
- 6. Archie Brown attended the founding convention. He is an admitted Communist and has run for public office in California as a Communist.

THE COMMUNIST PARTY'S COLD WAR AGAINST CONGRESSIONAL INVESTIGATION OF SUBVERSION

REPORT

TESTIMONY OF ROBERT CARRILLO RONSTADT

COMMITTEE ON UN-AMERICAN ACTIVITIES HOUSE OF REPRESENTATIVES EIGHTY-SEVENTH CONGRESS SECOND SESSION

OCTOBER 10, 1962

U.S. GOVERNMENT PRINTING OFFICE

The hearings were protested by Youth Against the House InAmerican Activities Committee, with headquarters in Room 201, 404
Soventh Avenue, New York, which issued bulletins and news releases
attacking the hearings, chartered buses to carry youth protest delegations to Washington, held meetings and generally conducted a campairs of vilification against the committee.

One rally of the group held on January 31, 1960, featured Clark
Foreman, executive director of a cited Communist front, the Emergency Civil Liberties Committee, as master of ceremonies. At that
rally no lavishing praised Harvey O'Connor, an identified Communist.
Poto Seeger, another identified Communist, provided entertainment,
Mrs. Dorothy Marshall, who has a long record of service to Comminist organizations over the years, was also featured on the program.
The committee also found significant the fact that the organization
occupies the same rooms and uses the same staff as the Emergency
Covil Liberties Committee, the principal aim of which is to abolish this
committee and discredit the FM.

After carefully evaluating the testimony and other evidence in its
possession, the committee concluded that the Harlem Youth Congress
and the Youth Against the House Un-American Activities Committee
are organizations created and controlled by the Communist Party
for the purpose of carrying on the Communist program among youth.
Several times in the course of the nearings when uncooperative
witnesses expressed defiance of the committee, the protest delegation
of the Youth Against the House Un-American Activities Committee,
which packed the hearing room, broke into cheers and applause. The
committee chairman had to threaten to clear the hearing room to
maintain order.

The learings provided a good example of how the international

committee chairman had to threaten to clear the hearing room to maintain order.

The hearings provided a good example of how the international Communist apparatus functions in support of its own. At the time of the hearings the committee received 11 protest letters from youth opparitations in as many foreign countries. Each of these letters expressed "sorrow," "concern," a sitouishment," "distress," etc., that the committee had subpensed young Americans who had attended the Vienna Youth Testival in the interests of world peace.

The Communist inspiration behind these letters was apparent from the reference, in all the letters, to only five voltnesses. Actually, ton witnesses who had attended the Vienna or ether youth festivals were subpensed to testify in the hearings. The international Communist apparatus apparently had not heard about the four anti-Communist apparatus apparently had not heard about the four anti-Communist witness and did not learn about the sixth Communist witness (who was subpensed at a later date) until after the protest letters had been written.

COMMUNIST ESPIONAGE IN THE UNITED STATES

Testimony of Frantisek Tisler

Grim new evidence of the Communists' determination to strip America of its military and political secrets was offered to the commit-tee during the post year by the testimony of Lt. Col. Frantisck Tieler.

* Res "Communist Explanage in the United States; Testimony of Frantisch Tuier, Former Millberg and Air Attachs, Ceschoslovas Rubbary in Washington, D.C.," May 30, 1990, Rearing officer Committee on Un-American Activities.

1480 COLD WAR AGAINST INVESTIGATION OF SUBVERSION

The chairman further described the book as "an absurd attempt to link the Committee to anti-Semitic, anti-Negro, anti-Catholic, and anti-immigrant prejudices."

The February-March 1961 issue of Sing Out, an alleged folk song magazine, featured a propaganda song about the 1966 Communistication of the against the committee. Sing Out is edited by Irwin Silber, who was identified as a member of the Communist Party in testimony given this committee in 1952. An associate editor of the magazine, Pete Seeger, has also been identified as a party member. The magazine frequently features lavorite Communist Party songs and newly composed party-line lyrics.

Tollowing, as one completed Sing Out's numerous anti-committee melodies, are the lyrics of the San Francisco riot song, written to the tune of "Billy Boy":

Did they wash you down the state. Billy Boy. Billy Boy.

Did they wash you down the stair, Silly Bay, Billy Boy, Did they wash you down the stair, Charming Billy? Yes, they washed me down the stair, And they searranged my hair With a club, in the city ball rotunds.

Were there pigeons in the square, Billy Boy, Billy Boy, Were there pigeons in the square, Charming Billy? There were pigeons in the square, And stool pigeons on the sir, And stool pigeons on the sir, And they found up the city hall rotunds.

Did they set for you a chair, Billy Boy, Billy Boy, Did they set for you a chair, Charming Billy? No the D.A.R. was there, And there wann't room to spare, So we stood in the city hall retunds.

Was the house committee there, Billy Boy, Billy Boy, Was the bouse committee there, Charming Billy? The committee, it was there, Throwing slander everywhere, While we sang in the city half rounds.

While we sang in the city that rotation.

Did the people think it fair, Billy Boy, Billy Boy,
Did the people think it fair, Charming Billy?

No they didn't think it fair,
And they notified the Mayor,
And he wept, and he wept,
And he wept, and he wept,
While they mapped up the city hall rotands.

Repeated contacts and interiews with known and suspected Klansmen has been a preventive measure against contemplated acts of violence by the Klan and lays the ground work for informant development. This is the crux of pending activity.

	An example of how some reported members of the WKKKKOM are aligning themselves with the UKA was seen at a recent UKA rally at Miss. This rally was attended by

	Subject, attended the recent UKA rally at Miss.
	have previously claimed they were
	not associated with the Klan, but according to informants, were members of the WKKKKOM.

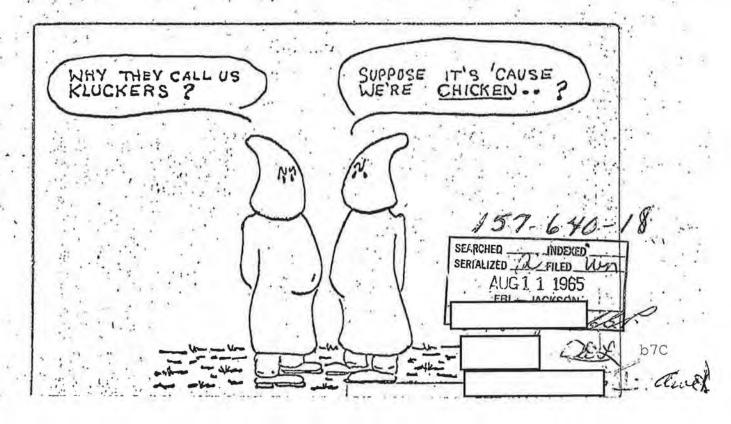

Newspaper articles recently published point out the internal problems of the Klan and the animosity existing between the WKKKKOM and the UKA. This has certainly made the Klan look bad in the public's eye.

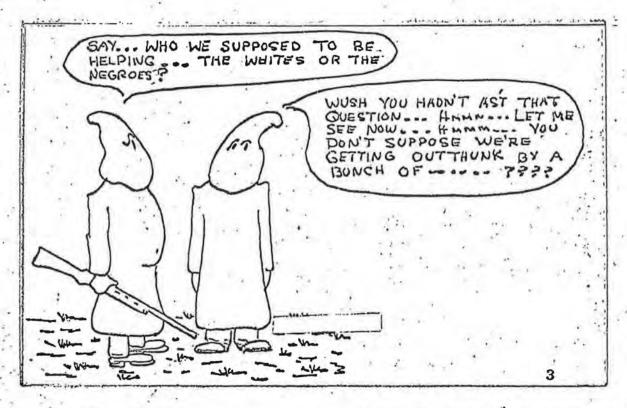

It has also recently been publicized that SAM BOWERS is the leader of the WKKKKOM. He has always claimed to have nothing to do with the Klan. As a result of this publicity, and much to his dismay, he has received numerous requests for information regarding the White Knights.

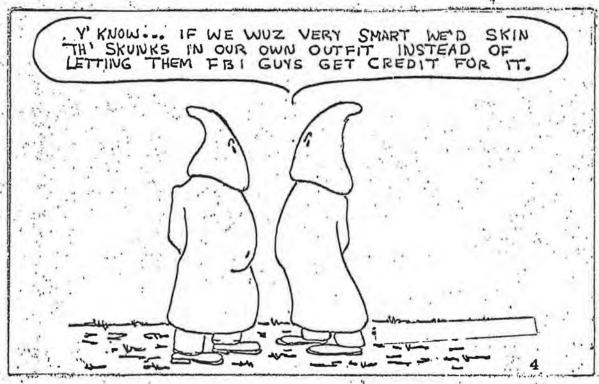

The above is an indication of the results achieved in creating further dissension within the Klan in an effort to render it less effective.

COMPTERINTELLIGENCE PROGRAM INTERNAL SECURITY dishuption of hate groups (CARTOONS AND CARICATURES)

Enclosed for each office is one enclosure consisting of six individually numbered Kerox copies of cartoons prepared and sent to the Eureau by the New Orleans Office. These cartoons depict Ku Klux Klansmen in conversations which tend to make the organization look ridiculous.

It is believed that by strategically disseminating cartoons of this type in areas frequented by Klansmen, a salutary effect will be achieved in causing Klansmen to think about the public image which they create.

It is also believed that strategic dissemination of this type of material will serve as a hindrance in recruiting programs among non-Klansmen.

Each office receiving this letter should review these cartoons to determine if anyof these, or a variation of a cartoon, is suitable for use, anonymously or through friendly news sources within its field office territory.

In the event it is determined these cartoons would have counterintelligence value, and would not adversely affect our informant development program, the Eureau should be advised together with complete recommendations. Thereafter, the cartoons selected will be prepared as requested and forwarded with instructions relative to its use.

COUNTERINTELLIGENCE PROGRAM INTERNAL SECURITY DISRUPTION OF MATE GROUPS

I am well pleased with the positive results which have been realized as a result of the variety of counterintelligence techniques and operations which have been directed against Klan-type and hate groups during the past several months.

The number of new, unique and ingenious counterintelligence techniques which have been recommended by the field indicate investigative personnel are affording this program imaginative attention.

It is my desire, however, that all offices receiving this letter should very actively participate in this program maintaining an imaginative and aggressive approach. I also want to impress upon the recipient offices, that all investigative personnel responsible for Klan-type and hate group investigations be alerted and encouraged to submit counterintelligence recommendations relating to their individual investigations. responsibility for counterintelligence action should not be delegated exclusively to the Agent assigned to the Program, who should be acting in the capacity of coordinator.

VOTER REGISTRATION STATISTICS IN ALL MISSISSIPPI COUNTIES

At the request of the Jackson Office, the Bureau has contacted the Department to determine if the weekly checks concerning voter registration data in each county could be handled on a monthly rather than a weekly basis in an effort to conserve Agent investigative time. The Bureau has advised that this has been discussed with the Department and the Department desires to continue to receive this information on a weekly basis. This is for your information. I would like to remind you again to insure that these statistics are furnished to the #4 desk no later than Wednesday afternoon of each week.

DAILY REPORTS

Daily reports are to be mailed to headquarters office at the end of each work day. VOT and TIO records are sent to the Bureau by the 5th working day of each month. Unless these are received by the third work day they will not be received in time to be recorded and computed in your total.

TRAINING - DESTRUCTION OF NOTES

Except for notes taken

Except for notes taken at specialized schools, notes taken by employees at training schools and conferences of any type must be turned over to the SAC for destruction not later than 90 days following the completion of training. All such notes are to be collected from employees leaving the service for any reason. Notes taken at specialized

schools, such as kidnaping, civil rights, or police instructors, may be retained; however, the SAC is responsible for insuring that such notes are destroyed prior to the separation of the employee from the service for any reason.

Inasmuch as the United Givers Fund (UGF) has not furnished nondiscrimination assurances as set forth in the Manual on Fund-Raising Within the Federal Service, UGF will not solicit from federal agencies in the Jackson area on an organized basis this fall. The nondiscrimination requirements do not apply, of course, to the solicitation of federal personnel at their homes or otherwise in their capacity as private citizens away from their place of employment or duty station.

The Bureau has advised it will handle payroll deductions only from those Headquarters and/or Resident Agencies involved in a one-package Combined Federal Campaign (CFC). This latter information is furnished for those RAs who may be solicited to participate in a CFC locally.

It is anticipated we will participate in two fund raising programs during fiscal year 1966, namely, the "Federal Service Campaign for the National Health Agencies" and "The Federal Service Joint Cruisade." These two organizations have met the nondiscrimination standards, and will solicit on an organized basis as has been the practics in the past.

It has been determined there is no record of any Elan organization, as such, incorporated in the State of Mississippi, and apparently no taxes are being paid to the Federal Government from the funds obtained by these organizations. Armed with this information, IRS could call in Elan officials for hearings to determine if they are violating Federal Tax Laws which could possibly result in prosecution and conviction.

II. PENDING COUNTERINTELLIGENCE ACTION

We will continue contacting and interviewing known and suspected Klansmen as a preventive measure against further acts of violence by the Klan. This also lays the groundwork for informant development. We continue to emphasize importance of developing top notch informants since they provide the basic information needed to plan further counterintelligence action.

VOTER REGISTRATION STATISTICS STATE OF MISSISSIPPI

Recently it was brought to the attention of Bureau Agents by a county registrar that Departmental Attorneys had visited this registrar and reviewed his records regarding persons registered in the same manner as Bureau Agents have been doing over the past weeks. This matter was brought to the attention of the Bureau and was discussed with the Department. It was determined consideration was being given to the possibility of assigning a federal examiner to this county and the Department desired to obtain up-to-the-minute statistical data from the registrar prior to making the decision and Departmental Attorneys were not in the courthouse for the purpose of duplicating the Bureau's efforts. The Bureau noted that this does point out the importance of insuring that accurate information is obtained from the records of the local registrars during the weekly checks, as well as insuring that it is accurately and promptly reported.

JN 66-26 APPLICANT DEADLINES The Bureau has called to our attention five recent instances in which applicant type reports were received at the Bureau after the deadline date, although they were typed and mailed from this office prior to the deadline date. As you are aware, the Bureau deadline for applicant cases is the date the report is due in the Bureau. In view of the apparent uncertainty of mail from Jackson, all applicant cases should be mailed from this office at least two days before the Bureau deadline. All Agents should arrange their investigation and dictation in order that the report can leave this office, via airmail, two days before the deadline and should specifically flag to the stenographic pool the date the report must leave this office. NOTIFICATION OF ILLNESS -KEEPING SWITCHBOARD AND SUPERVISORS ADVISED OF ILLNESS OF AGENT AND/OR FAMILY Each Agent must notify the switchboard and his supervisor or the secretary to the SAC immediately when there is illness of an important nature in his family. Insofar as Bureau employees are concerned, the rule is very clear that their supervisors must be notified when they take sick leave and the reason therefor. INVESTIGATIONS OF KLAN ORGANIZATIONS AND INDIVIDUALS (JN 157-4) By airtel dated 10-20-65, the Jackson Office furnished the Bureau the names of approximately 70 Klan officials in Mississippi, together with Jackson file, Bureau file and date of last report or date initial report is expected. The Bureau. was advised that initial reports will be submitted on all Klan officials by 11-30-65. All Agents with pending investigations on Klan officials should insure that a non-prosecutive summary report is submitted to the Bureau by 11-30-65.

JN 66-26 COUNTERINTELLIGENCE PROGRAM INTERNAL SECURITY DISRUPTION OF HATE GROUPS (JN 157-640) Bureau airtel 10-4-65 commented favorably on a variety of counterintelligence techniques used under this program. All investigative personnel investigating Klan and hate-type individuals or groups should be alert to use of counterintelligence techniques which can be used against these individuals, particularly Klan officials. Each Agent handling a pending investigation of a Klan official should submit suggested recommendations for counterintelligence activity to SA | to be included in the next communication to the Bureau. IBM DICTATING EQUIPMENT All Agents are reminded that IBM dictating equipment has provisions for erasing dictabelts, affording a clean, fresh belt for your particular dictation. This feature is incorporated into both portable and desk model machines. It is suggested that before beginning your dictation on one of these belts that it be "erased." It is also suggested that at the end of your dictation the steno be advised that your dictation on this particular belt has been completed or is being continued onto a succeeding belt. The foregoing procedures will preclude possible garbling and will indicate a definite stopping point for your particular dictation. FUGITIVE FORM LETTERS -CONFIRMING PROSECUTIVE OPINION OF U. S. ATTORNEYS Bureau regulations state that when a U. S. Attorney authorizes prosecution it is necessary to confirm this opinion

in writing within five working days. This may be done by case status form, letter, or report.

When the Subject is not immediately available for apprehension after authorization, a fugitive form letter is submitted to the Bureau.

In order to cut down the possibility of error of either failure to submit the fugitive form letter or forgetting to confirm the prosecutive opinion of the U. S. Attorney within five working days, it is requested that in the future when a fugitive form letter is submitted that the dictating Agent also dictate the confirming communication to the U. S. Attorney at the same time. The stenographic pool has been instructed to assure that these two documents travel to the desk together. This way the desk will be assured that both Bureau rules are being carried out.

CHANGE FOR FD-263

When we receive the new supply of FD-263s (which will be in about three months) they will contain the following:

Case pending over one year

Yes No

Case pending prosecution over six months

Yes No

In all pending criminal reports in which Jackson is origin the appropriate boxes must be checked. Until the new forms are received, Agents must dictate this item.

DO NOT FORGET.

HOUSE COMMITTEE ON UN-AMERICAN ACTIVITIES KLAN INVESTIGATIONS
(JN 157-3372)

Due to daily front page publicity by newspapers as well as radio and TV coverage of HCUA hearings, all Agents should furnish any pertinent information regarding current Klan activities by teletype or other expeditious communication. Klan activity received prior to 5:00 p.m., which is to be disseminated by LHM, should be phoned to headquarters for

JN 66-26 Information received after 5:00 p.m. transmittal to the Bureau. should be sent to the Bureau the following day. WANTED-FLASH-CANCELLATION NOTICE (FD-165) IDENTIFICATION RECORD REQUEST (FD-9) Recently the Bureau called our attention to submission of FD-9 and FD-165 in the same case. Bureau points out it is not necessary to submit FD-9 when FD-165 is submitted. It is only necessary to check the appropriate blocks on FD-165. Submission of both forms delays any action taken in Identification Division. RECORD CHECKS b2 When Bureau permission is requested to authorize a search by the Baltimore Division of a copy of the communication to the Bureau should not be sent to the Baltimore Division. If the Bureau approves the request, a copy of our letter will be sent to the Baltimore Division marked "approved by the Bureau." All Agents should bear this rule in mind in order that the Baltimore Division will not receive copies of our letter until the Bureau has forwarded them to Baltimore. VIET-NAM DOLLS Publicity has recently been in the news media concerning the possibility of booby trapped dolls being sent to the United States from Viet-Nam. No confirmation that this rumor has proved to be true has been received. If any complaints are received that dolls have been received by military dependents, the complainant should be referred to the intelligence branch of the armed service involved. The FBI has no jurisdiction in this matter and no investigative responsibity should be accepted.

JN 66-26 TELETYPES TO BUREAU ECONOMY All Agents should be aware that when it is necessary to transmit communication to one or more field offices by teletype and the Bureau also is to be notified but circumstances do not warrant sending to Bureau by teletype, the original typed blue copy of the teletype is to be mailed to the Bureau instead of preparing a separate communication. In such a case, the submitting office is to prepare an additional blue copy for its file. The teletype should be addressed to Director and SACs of other receiving offices. Type the word "Mail" in parenthesis immediately after Director and Bureau file number. CRIMDEL PROGRAM SAS responsible for items re CRIMDEL to be submitted to SA by 11-2-65 without fail. b7C

	no end. Accordingly, consideration is in Negro sources arrange to is also certain to result
from continually bares	would be completely upset and

The WEEKEM continues to reach a secret organization and no one in the organization will admit to being a member. Many of the leaders are businessmen or otherwise have responsible positions and having their name associated with the Klan could cause them considerable trouble. With this in mind a one page brochure entitled 'New Your Klan' could be printed and left in prominent places by reliable sources. The brochure could list six or eight leading Klansmen with a few sentences about each, including his position in the Klan. The following are some Klansmen who could be considered for the list:

b7C

The brochure could indicate that the WKKKKOM is no longer remaining secret and they prefer to now let people know who they are. This could cause untold turmoil within the White Knights and ulcers for those listed.

II. Pending Counterintelligence Action

We will continue contecting and interviewing known and suspected Klansmen which is a preventive measure against further acts of violence by the Klan. This lays the ground work for informant development through which information is obtained for further counterintelligence action and from which an evaluation can be made of previous such action.

Service is taking action against

set forth in our last quarterly letter. Other information may be developed against other Klansmen in which Internal Revenue Service could take action upon. This will be a continuing effort on the part of the Jackson Division.

III. Tangible Results

b7C

Sources who are at odds with the WKKKKOM recently advised they obtained leaflets published by the Jones County Citizens Council entitled "You and the FBI." These leaflet advised citizens are not under legal obligation to answer questions asked by the FBI or other investigators. The leaflet implies that citizens should refuse to cooperate with the FBI on civil rights investigations but not on criminal or subversive investigations. These leaflets have been distributed throughout Jones County.

JN 157-640

b7C

The sources, as mentioned above, realize that the WKKKKOM does not want to be known publically as an organization and especially the leaders and members do not want to be publically associated with the WKKKKOM. Accordingly, sources advised they put out another leaflet the same as mentioned above but changed the "credit" from "Jones County Citizens' Council" to "Sam Bowers, Imperial Wizard of the White Knights of the Klu Klux Klan of Mississippi, Laurel, Mississippi, and Mordaunt Hsmilton, Hattlesburg Representative."

This has helped expose the leaders of the WKKKKOM who were anonymous to the public.

The City and County Prosecuting Attorneys of Hattiesburg and Forrest County, Mississippi, released a joint statement to the press that the leaflet was just another tactic by the Klan to suppress and hamper authorities in the investigation of the DAHMER fire burning. This publication "did not do the Klan any good in the public's eye."

COUNTES INTELLIGENCE PROGRAM INTERNAL SECURITY DISSUPTION OF HATE GROUPS (GRANITE QUARRY CHAIN LETTER)

Program, Internal Security, Disruption of hate Groups, (James Robertson Jones)."

James Robertson Jones, Grand Dragon of North Carolina, United Klans of America, Inc., Enights of the Ku Klux Klan, has been successfully and publicly disgraced through the application of counterintelligence by the Charlotte Office.

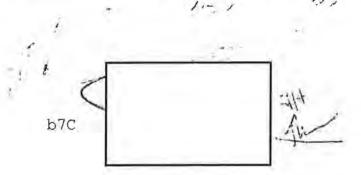

In order to further disrupt Jones, and to diminish the resurgence of Klan activity in North Carolina, the following Bureau innovation to the anonymous mailing technique is being presented to Charlotte, selected as the pilot office to prove this technique.

The chain letter device has been in existence for years, but is now being applied to counterintelligence for the first time.

The chain letter set forth in this communication has been designed to subtly raise the question in the North Carolina Klan membership that if James Robertson Jones, the previously-described Grand Dragon, could not honorably serve his country, then how can be honorably serve the Klan.

The mystic nature of this chain letter should appeal to the superstitious psychology, busan greed, and plain concern for kinssen, found in most Klanssen. These factors may prove to be sufficient motivation for Alanssen to continue the chain letter thereby providing a Klan paid vehicle for FBI counterintelligence.

Letter to SAC, Charlotte Re: COUNTERINTELLIGENCE PROGRAM 157-9-8

You are authorized to prepare the original and 19 copies of the chain letter quoted in this communication with appropriate misspellings.

The letter should be prepared on inexpensive commercially purchased paper, with the use of an old, Klan-type typewriter. Mail these letters to the wives of 20 Klansmen who are known to have sons in the U.S. military service, or who may be at odds with James Robertson Jones. The mailings should take place from a North Carolina city, other than Granite Quarry. The letter should bear no signature or return address.

In the event the selected Klan members continue the chain, it is possible that mail contact will be made with the majority of the North Carolina Klan membership, with a resultant cost of only one or two dollars for paper and postage accruing to the Bureau.

The chain letter to be utilized is as follows:

"This is a Prayer

"Klan Folk with some in Vietnam truste in the Lord and he will lead the way. This prayer was sent to you for good luck and the good luck of all our service boys. The original letter came from Granite quarry, N.C. You will have good luck in 4 days after receiving this copy. This is not a joke, and you will receive it by mail. Please do not send money and do not keep this copy. Just mail this letter to another North Carolina Klansman you think needs luck. God hears all the prayers, and our sons need them. Already a U.S. General received \$9,000. Matt Murphy the Klan attorney in Mississippi received \$48,945 but lost his life in an automobile accident because he failed to send this prayer. Dan Burros, our departed friend in the North broke the chain, six days latter he killed himself. However, he did receive \$1,500 he had won. Our own Grand Dragon J.R. Jones received such a letter in 1957, and in 4 days he and a girlfriend were spared in a near fatal accident in Ohio. Granite Quarry Folk think J.R. has done real well for a gentleman who was throwed

Letter to SAC, Charlotte Re: COUNTERINTELLIGENCE PROGRAM 157-9-8

out of the Navy because he did not want to serve in Korea like our boys are doing in Vietnam. Dear friend Grady Mars laughed when he received the letter, he died in December past by his own hand. A Klan mother in Raliegh said the prayer, sent it on, and received a letter from her son who had run away over 20 years ago. A shoemaker in New Bern did not answer and 9 days latter a nigger moved in next door to him. So please send this letter on to a North Carolina Klansman. This must be done within 72 hours after you receive it. Then just wait and see what happens on the fourth day. For a bonus in good luck, you can send copies of this letter to other Klan Folk who have been down on their luck.

God Save the Klan and Protect us from the likes of J.R. Jones"

keep the Bureau informed of tangible results in this effort. Information copies of this letter are furnished the Columbia, Jackson, Mobile and Birmingham Offices for their consideration in the Counterintelligence Program.

Reference is made to Jackson letter to Bureau dated April 15, 1966 entitled "JW 30-R" (Bufile 170-122) in which a purposal was made to direct the formation of a new "United Sincere Americans" organization from remnants of present Klau groups. In the event this plan is approved, counterintelligence activity will be simed at effecting a flow of membership in that direction.

III. Tangible Results

Sources in Klan units throughout the State of Mississippi indicated recent contact made by the FBI during the fugitive investigation to locate and arrests have "broken the back" made of Klassmen of the WEXEROM as an effective state-wide organization leaving many Klass units afraid to meet and convenced that the FE has penetrated entirely the veil of secrecy surrounding their activity. Those units still meeting agger suspending almost all "projects" until further notice and are awaiting leadership which has been lacking during the recent legal acts involving the Daburn case This climate appears ideal for capturing control of those who still wish to remain active in the new "United Sincere Americans" organization and to destroy what remaining prestige might have trough the direct mailing which will be proposed by separate letter.

Efforts are presently underway to obtain the mailing list of subscribers to "The Southern Review." When this list is obtained, it is proposed a cartoon sequence be mailed in folded form to selected subscribers from this list which will assure geographic coverage in the areas where it is felt it would do the most good. This cartoon is being modeled after the enclosed copy of a cartoon sequence copywrited in 1965 by WALT KELLY, published in the "New York Herald-Tribune" on 3/28/65, page 20. An outline under the suggested title "Mr. Klan: The Christian Man" is also enclosed with suggested subcaptions for each panel.

In the event this program is approved, the Machanical Section is requested to substitute a microphone for the telephone appearing in WALT KELLY's cartoon and to show the individual emerging from under the hood in the second panel to be in general resemblance to the enclosed composite photograph of ______ wearing dark glasses and a wide tie bearing the figure of a horse head.

Crude pencil sketches of the first, second and last panels are enclosed. The desired effect will be to show gradual transition of this person with only the head and shoulders showing from the original Klansman in the first panel to the figure of a snake bearing human resemblance in the last panel, still wearing the glasses and tie.

No direct reference is being made to any individual by name and any suggestions concerning the text of the subcaptions, theme or method of distribution will be appreciated.

COUNTERINTELLIGENCE PROGRAM - KLAN RACIAL MATTERS (KLAN)

Remylet 3/7/66.

You are being forwarded under separate cover a supply of three different postal cards to be mailed by your office anonymously to a selected number of known Klan members. The supply of cards furnished is approximately equal to the number of individuals you indicated are present klansmen in your territory for whom you had a residence or business address.

The Bureau is not suggesting that these cards be sent to each of the klansmen whose addresses you have and it is being left to your discretion as to the extent of coverage you desire. In some areas where there are fewer klansmen, total coverage may be desirable. In other areas you may want to cover only a portion of the Klan members. The Bureau feels, however, that sufficient distribution should be made of the cards to insure that considerable Klan attention is drawn to them and that they will thus have the opportunity to serve the disruptive purpose for which they are intended.

As you will note upon receipt of the cards, they question the secrecy of the klansman's membership and also question the use by Klan leaders of Klan funds. The Bureau feels these are two points in which the Klan organizations

Obviously, it would serve no purpose to send a card of this nature to the top Klan leaders who are publicly identified as such and who are themselves the ones who might be suspected of misusing Klan funds. Other Klan members have also been publicly identified and would have no fear of additional public disclosure.

Every precaution must be taken to insure that the source of these cards remains anonymous and that any possible connection with the FBI is avoided. You should insure that there is no widespread discussion of these cards among clerical or Agent personnel and that only a limited number of individuals necessary for their preparation and distribution are aware of The cards should be prepared by your office by this program. addressing them by hand or on an older typewriter which does not have the business style type. If prepared by typewriter, insure that no typewriter used for outside correspondence is used in preparing these addresses since the Klan may attempt to obtain specimens of Bureau correspondence for comparison purposes. Also, if addressed by hand, block printing or some other change in normal handwriting should be made to avoid any possibility of comparison with normal handwriting of Bureau employees. However, changes in handwriting should not be so extreme as to show an obvious effort to disguise.

A four-cent stamp should be affixed and no return address should be shown. The cards should be dropped in outlying mailboxes, but none should be mailed from headquarters city or from a Resident Agency city. The mailing should be spread over the period of a month for each card and only a small number should be mailed at one time or at one place. Every effort must be made to avoid giving the Post Office officials the impression of a mass mailing. If an office feels it is desirable to do so, a portion of the cards may be prepared and sent to a neighboring office for sporadic mailing from an entirely different territory.

Airtel to Atlanta et al.
RE: COUNTERINTELLIGENCE PROGRAM - KLAN

To obtain maximum benefit, you should consider mailing the cards to the klansman's business address and in some instances also to his residence since the former will tend to publicly identify him as a klansman, and the latter may cause dissension in his family. You must be certain that this mailing is limited to those individuals who have been positively identified as Klan members. One card should be selected for mailing during each of the next three months. When the mailing of each card is completed, you should advise the Bureau under the above caption of the total number of cards mailed that month.

Informants are not to be advised regarding the mailing of these cards but you should be alert to any information volunteered by informants regarding the cards and advise of any positive results achieved.

It is pointed out that b70 came about as a natural occurrence and was not directed by the Jackson Office.

A review of Klansmen in the Lauderdale County Mississippi Klavern of the WKKKKOM, has been made, and it is not felt that any of them should be made the target of any Counter-Intelligence Program at this time, due to facts stated above.

The Jackson Office will continue to be elert for other Klansmen who could be considered for Counter-Intelligence action, and recommendations will be promptly submitted to the Bureau.

COUNTERINTELLIGENCE PROGRAM - KLAN RACIAL MATTERS - KLAN

ReBusirtal dated 4/28/66.

Enclosed for each SRA is a copy of the referenced sirtel which contains instructions and suggestions for the implementation of a specific approved counterintelligence program in the Jackson Division. As noted in this girtel, it is imperative that due to the menaitivity of this program only those individuals necessary to successfully accomplish this program are to be aware of its existence. are therefore to personally familiarize themselves with the centents of this sirtel and are to carry out implementation themselves. The SRAs will be expected to exercise good judgment and thoughtful planning in determining those individuals who should receive the designated materials, as the success of the program is incumbent on same.

A supply of the material to be distributed is enclosed for each resident agency territory according to... the number of potential recipients in each territory. In the event you find you have too many or too few items for distribution, advise SA in headquarters city so that s readjustment may be made. Records of the number of items distributed each month and to whom should be maintained and reported by memo on the first of wacn month. SRAs are to remain alert for any information regarding positive results attributable to this program, and to report same.

Lotter to SAC, Dallas RE: COUNTERINTELLIGENCE PROGRAM 157-0-12

In the event inquiries are made concerning the NCDT by interested intelligence agencies, you are not to divulge any information concerning the NCDT. Such inquiries should be promptly furnished the Eureau.

The Dallos Office has suggested that the NCDT utilize a post office how for the purpose of authenticity. The Eureau is directing the NCDT as a growth-type organization and will give consideration to the establishment of a post office box when such action is indicated.

You are instructed to follow closely the Klon reaction to NCDT correspondence through your established informant sources, and keep the Eureau currently informed of any tangible results noted.

The interest displayed in this matter by the Dallas Office is appreciated and all recipiont offices are encouraged to submit proposals designed to perfect this counterintelligence activity.

Letter to EAC, Charlotte Re: COUNTERINTELLIGENCE PROGRAM 157-9-8

In order to authenticate this counterintelligence build-up, the Charlotte Office will review the Klan joke book and furnish to the Richmond Office by 6/1/60, the names and addresses of 59 Klansmen in the State of North Carolina, including to whom the joke book can be anonymously mailed.

Upon receipt of advice from charlotte, Michaeld will anonymously mail the joke book to the colected North Carolina Klansmen. Include in your distribution, one copy for Robert Marvin Shelton, Tuscaloosa, Alabam. Insure that no distribution is made to Virginia members of the United Klans of America, Inc.

The anonymous malling must take place from a Virginia locale frequented by Korzegay. Utilize commercially purchased envelopes in this mailing and insure that FSI interest in this matter is afforded maximum protection.

Keep the Eurezu informed of tangible results
